The International Language Institute, MD, is authorized, under Federal Law, to enroll students with F-1 student visas. The International Language Institute, however, does not require students to have student visas. You will need an I-20 form to apply for the F-1 visa.

How can I obtain an I-20 form?

Complete an online application or submit a PDF application form, copy of your passport, your financial documents and your payment to the International Language Institute, MD:

Express US Delivery Fee (optional)	\$35

The International Language Institute, MD does not require a tuition deposit.

What kind of financial documents do I need?

You or your sponsor must show proof of financial support by supplying the American Consulate in your country the following documents in English:

- Your or your sponsor's recent bank statement in English with name of account holder, date of the statement, currency, and current balance. Statement cannot be older than 3 months.

- Other documents may be requested by the US Consulate in your country to support your visa application.

When will I get my I-20 form?

- New I-20 forms are usually processed within 1-3 business days.
- We send all completed I-20 forms by email. If desired, we can express mail a hard copy to a US address (you must pay a non-refundable delivery fee of \$35 in advance).
